Teaching (Custom Section)

This information is auto-populated from a university data source and pulls the **main instructor of record only** (Fall 2009-present). *Student credit hours will now auto-load starting Spring 2023.* New courses will be uploaded on the 12th day of class each semester. Each course section is editable and faculty members who teach should verify their teaching information is correct. Faculty members can also add their "% Contributed to the Course" as well as a "Descriptive (if applicable)". Faculty members who are co-instructors can now add the courses they co-taught to this section including their percentage of effort in teaching the class. Faculty members can also indicate if a course has "Multidisciplinary Collaboration Activities" by choosing "Yes or No" as appropriate for this column.

If you have any questions, please contact us at faculty180@tamu.edu.

▼ Publications, Conference Proceedings, Patents and Creative Products/Innovations

This section is for Publications, Conference Proceedings, Patents and Creative Products/Innovations. Faculty should review their publication information that was retrieved from Scholars@TAMU (*scholars.tamu.edu*) and uploaded into Interfolio. **Examples of Publications, Conference Proceedings, Patents and Creative Products/Innovations:** Artistic and Professional Performances, Artistic and Professional Productions, Books, Book Chapters, Case Studies, Conference Proceedings, Exhibitions, Journal Articles, Patent and Intellectual Property, Published Abstracts, Reviews, Technology, and Other Scholarly Work.

NOTE: There is a weekly feed for new items from Scholars@TAMU to Interfolio into this section. If you already have a Scholars@TAMU profile, that data (*e.g., books, book chapters, journal articles, conference proceedings, patents*) will automatically populate here from that account. This data feed is to help save your time and efforts to report your publication data. You will still have the ability to add new scholarly contributions as well as edit any pulled entries. Please be advised that if you manually enter something that will also be entered in Scholars@TAMU, it will appear as a duplicate entry – hence, we recommend checking your Scholars@TAMU profile for new entries first.

▼ Teaching, Research and/or Other Scholarly or Creative Activities, and Service Impact Statement (Faculty Evaluation Review)

Faculty should write an impact statement on their teaching, research and/or other scholarly or creative activities in this section. Other parameters that can be included are h-index, etc.

Teaching, Research and/or Other Scholarly or Creative Activities, and Service Impact Statement	Semester
TRS / Creative Activities Statement	Start Semester
Research Impact Statement (2024) In 2024, I worked toward the completion of the revision for the Revise & Resubmit (R&R) I received in Spring 2024 from <i>Management Science</i>, getting closer to a high-quality publication. My research impact continues to grow, as evidenced by 83 new Google Scholar citations in 2024, bringing my total citation count to 424. Additionally, I wrote two new working papers, further expanding my contributions to the field. My new research has been well received in the academic community. For example, one of my papers was featured in the Top 10 SSRN eJournal download list, for Monetary Economics: Central Banks - Policies & Impacts eJournal. Furthermore, I presented my new research at the Federal Reserve Bank of Cleveland and have been invited to present at the Federal Reserve Bank of Chicago in Spring 2025, signaling the relevance of my research to policymakers and practitioners.	
Teaching Impact Statement (2024) My commitment to high-quality teaching was reflected in the positive feedback I received from students. Across the sections I taught in 2024, my effectiveness as an instructor was rated highly, with average instructor effectiveness scores of 4.63, 4.70, 4.74, and 5.0 (out of 5). I am committed to deliver engaging, comprehensive, and supportive learning experiences for my students, as reflected in students' comments. Some of these comments are listed below: - "Great professor. Took time to walk through everything and gave examples to help my learning." - "He is very effective. The way the course was structured was very helpful. The quizzes and the exam review sessions were very helpful. The excel examples were also very useful as they helped a lot for the HWs." - "Professor Abdi is an amazing professor and really cares about his students. I wish I took more classes with him. The course and the way he organizes it with practice problems is really effective in my learning and I appreciate all the time he puts into this class and his students."	
Service Impact Statement (2024) Beyond research and teaching, I contributed to the academic community through service initiatives. In 2024, I co-organized the Market Structure Study Group for PhD students. This initiative provided a platform for students to engage with seminal and recent impactful papers in the field, fostering critical discussions and intellectual growth. The study group not only deepened participants' understanding of key research but also encouraged them to generate new ideas for their dissertations. Additionally, I served as a referee for two top-tier journals, <i>Management Science</i> and <i>Journal of Financial and Quantitative Analysis (JFQA)</i>, contributing to the peer-review process and the dissemination of high-quality research. I was also invited to discuss other scholars' work, further engaging with the academic discourse in my field.
