Instructions

Please review all the information below. When all sections have been confirmed, click "Submit For Review."

Teaching (Custom Section)

This information is auto-populated from a university data source and pulls the **main instructor of record only** (Fall 2009-present). *Student credit hours will now auto-load starting Spring 2023.* New courses will be uploaded on the 12th day of class each semester. Each course section is editable and faculty members who teach should verify their teaching information is correct. Faculty members can also add their "% Contributed to the Course" as well as a "Descriptive (if applicable)". Faculty members who are co-instructors can now add the courses they co-taught to this section including their percentage of effort in teaching the class. Faculty members can also indicate if a course has "Multidisciplinary Collaboration Activities" by choosing "Yes or No" as appropriate for this column.

If you have any questions, please contact us at faculty180@tamu.edu.

► **Publications, Conference Proceedings, Patents and Creative Products/Innovations**

This section is for Publications, Conference Proceedings, Patents and Creative Products/Innovations. Faculty should review their publication information that was retrieved from Scholars@TAMU (scholars.tamu.edu) and uploaded into Interfolio. **Examples of Publications, Conference Proceedings, Patents and Creative Products/Innovations:** Artistic and Professional Performances, Artistic and Professional Productions, Books, Book Chapters, Case Studies, Conference Proceedings, Exhibitions, Journal Articles, Patent and Intellectual Property, Published Abstracts, Reviews, Technology, and Other Scholarly Work.

NOTE: There is a weekly feed for new items from Scholars@TAMU to Interfolio into this section. If you already have a Scholars@TAMU profile, that data (*e.g., books, book chapters, journal articles, conference proceedings, patents*) will automatically populate here from that account. This data feed is to help save your time and efforts to report your publication data. You will still have the ability to add new scholarly contributions as well as edit any pulled entries. Please be advised that if you manually enter something that will also be entered in Scholars@TAMU, it will appear as a duplicate entry - hence, we recommend checking your Scholars@TAMU profile for new entries first.

The UT Austin / TAMU Second Annual Inflation or Deflation Symposium was held in College Station on March 22, 2024. I am the lead contact and symposium organizer for Texas A&M. The symposium switches back and forth each year between Austin and College Station. This is an ongoing discussion of the prospects, causes, and future impact of inflation / deflation. At UT, the symposium is hosted by Civitas Institute which is now a college.	Spring 2024

Goals	Semester	
Please list what your goals were for the previous year and what your planned goals are for the upcoming year.	Start Semester	End Semester

FULFILL THE VISION: To fulfill the vision laid out by our forebears at Texas A&M since our founding in 1876, we must do something that truly moves the needle. Being another excellent fund does not move the needle, we want to change the world and see our benchmarks as global. Cutting-edge research out of the Sinn Center for Investment Management / Dept of Finance, track record vs benchmark, great student placement and college-wide impact are expected. Big picture we want to produce titans of Wall Street, billionaires, responsible citizens, and world leaders. It is difficult to benchmark year to year but over decades the results should be obvious. We have 30 years of experience with Aggies on Wall Street as a reference and as something to now harvest.	Fall 2021	Ongoing
How we define success or moving the needle is not limited to money, however we equally value those who chose a family for a season (like myself) or professions such as teaching 6th grade (this happened) which are incredibly impactful. Above all else, we want to produce students/alumni of high character and caliber. SANITY: There are four legs on this stool: 1. Run a Multi-Strat Money Management Firm 2. Teach classes 3. Alumni and External Relations 4. Build the Adam C. Sinn '00 Center for Investment Management Each of these mandates is a full-time job by itself. We want to do all four well which creates an intense positive feedback loop for Texas A&M. All of that without burning out or driving my family crazy.	Fall 2021	Ongoing
SELFLESS SERVICE: we want to do things TODAY that someone else will take credit for and get paid for 20 years from now. That selfless service and vision is what has driven A&M from humble beginnings to the great university it is today.	Fall 2021	Ongoing
WINNING: Texas A&M should be home to the #1 student-managed fund complex in the world. Our students and alumni should win on the playing field, the board room, C-Suite, trading floor, symphony hall, art gallery, in the community and at home with their families. Our most valuable input is the culture which facilitates our students / former students to accomplish this.	Fall 2021	Ongoing
BUILD: The Sinn Center for Investment Management is just getting started! We are doing many excellent things. The goal is to maintain the excellence and bolt on new centers of excellence. The (soon to be renamed) Hedge Fund class has just started in earnest with Sorin and I as co-professors after two beta test classes. The amount of work on the back end setting up accounts and structuring the investment strategies is just enormous. This will take several years to get to where it needs to be. Remember Texas A&M is the only school that we know of attempting to run an inhouse hedge fund. Everything we do is greenfield. Sorin and I have put together an excellent board which will require ongoing time and work. We have been hosting former student events in Dallas, Houston, NYC, and Europe. The only way this works to it's full potential is to have heavy alumni involvement. Splitting Aggies on Wall Street into a Banking Track and a Capital Markets Track in Spring 2026 will further push my time to the limit. Our goal for 2025 is to hire another instructor to split Rev Fund teaching so I can spend more time on the Sinn (Tanner) Fund Class.	Spring 2024	Ongoing
