

TO: Bulkeley (Bucky) Banks, Assistant Professor of Practice (Executive Assistant Professor)

FROM: James R. Brown, Professor and Department Head, Adam C. Sinn '00 Department of Finance

SUBJECT: Annual Performance Review: January 1, 2024 – December 31, 2024

Jamie Brown (May 29, 2025 23:48 CDT)

This letter serves as your performance review for the period January 1, 2024 through December 31, 2024. My evaluation is based on the information submitted through Faculty 180, which includes documentation of your teaching performance and service activities (as with most APT faculty appointments, your position does not have formal research expectations).

Mays Faculty Promotion and Tenure Guidelines define four levels of performance for the key dimensions across which performance is reviewed. These levels of performance are:

- *Excellent performance*: a high level of performance that meets and exceeds norms and expectations and that is reflected by substantive indicators of excellence;
- *Effective performance*: performance that meets norms and expectations and that is reflected by substantive indicators of effective performance;
- *Needs improvement performance*: performance that falls below norms and expectations of effective performance as reflected by substantive indicators of needs improvement performance;
- *Unsatisfactory performance*: performance that falls below norms and expectations of excellent, effective, and needs improvement performance as reflected by substantive indicators of unsatisfactory performance.

Teaching:

Your formal teaching assignments included FINC 449 (5 sections), FINC 649 (2 sections), FINC 677, and FINC 689. You also taught FINC 705 for the MS Business program. Student comments for department courses were overwhelmingly positive, with many students describing you as an engaging, knowledgeable, and adaptable instructor who brings energy and clarity to complex material. A few students suggested improvements in logistical areas such as timely feedback and assessment setup, but these were far outweighed by praise for your teaching effectiveness and classroom environment.

Most Positive Comments

- Sincerely, the best professor EVER! I have no doubt he will be better each year. This is a future award-winning educator!
- Professor Banks was an excellent professor and engaged the class well in every lecture. Made concepts easier to understand and was fair in grading.
- Banks is happy to switch an approach to ensure all are understanding the material... I cannot give enough praise to how incredible this professor is!

Most Critical Comments

- Some quiz and exam files had to be changed or added on to while we were taking them. Fixing this ahead of time would be very beneficial.
- Feedback offered in class verbally was very helpful. However, graded assignments rarely had feedback, and were often returned very late.
- Help sessions from a TA in this course would help keep me accountable... that would have really helped me.

Evaluation Average (Effective Course/Effective Instructor): 4.40/4.44

As noted above, your position does not have a formal research expectation. However, we are deeply grateful for your continued collaboration with the Texas Real Estate Research Center. Your applied research efforts have meaningfully advanced the visibility and impact of both the Department of Finance and Mays Business School. Promotion, Tenure, and Reappointment

Effective September 1, 2024, you were promoted to the rank of Associate Professor of Practice (Executive Associate Professor). Congratulations on this wonderful achievement and recognition of your outstanding work.

The Professor of Practice faculty track contains one additional rank: (Full) Professor of Practice (Executive Professor). Mays' promotion guidelines indicate that Associate Professors of Practice (Executive Associate Professors) typically serve at least five years in rank before seeking promotion, but that early promotion can be sought. Promotion to Professor of Practice (Executive Professor) has the following minimum requirements:

- Pattern over time of excellence in teaching
- Pattern over time of effective performance in service and/or research and publication
- Potential for continued excellence in teaching and effective performance in service and/or research and publication
- Professional conduct conducive to a collegial work environment and standards of professional integrity that will advance the interests of Mays Business School and Texas A&M University

I truly appreciate all your contributions to the Adam C. Sinn '00 Department of Finance and to Mays Business School. It is a pleasure to work with you!
