▼ Publications, Conference Proceedings, Patents and Creative Products/Innovations

This section is for Publications, Conference Proceedings, Patents and Creative Products/Innovations. Faculty should review their publication information that was retrieved from Scholars@TAMU (scholars.tamu.edu) and uploaded into Interfolio. **Examples of Publications, Conference Proceedings, Patents and Creative Products/Innovations:** Artistic and Professional Performances, Artistic and Professional Productions, Books, Book Chapters, Case Studies, Conference Proceedings, Exhibitions, Journal Articles, Patent and Intellectual Property, Published Abstracts, Reviews, Technology, and Other Scholarly Work.

NOTE: There is a weekly feed for new items from Scholars@TAMU to Interfolio into this section. If you already have a Scholars@TAMU profile, that data (*e.g., books, book chapters, journal articles, conference proceedings, patents*) will automatically populate here from that account. This data feed is to help save your time and efforts to report your publication data. You will still have the ability to add new scholarly contributions as well as edit any pulled entries. Please be advised that if you manually enter something that will also be entered in Scholars@TAMU, it will appear as a duplicate entry – hence, we recommend checking your Scholars@TAMU profile for new entries first.

Teaching, Research and/or Other Scholarly or Creative Activities, and Service Impact Statement	Semester
TRS / Creative Activities Statement	Start Semester

Teaching: I have restructured two existing courses -- Fixed Income Analysis and Macrofinance -- to bring in my experiences as a central banker, fixed income practitioner and CFA. Feedback from students has been positive and that has been rewarding. I have integrated Bloomberg more actively in fixed income as this tool is highly relevant to bonds in the real world and also tried to get students to use Haver in macrofinance. I have had several students tell me that my class was their best class at A&M which was highly gratifying. I care about my students have sought to both teach and mentor them as they prepare to enter the workforce.

Research: I have a forthcoming paper in Yale's Journal of Financial Crises this spring about lessons from Silicon Valley Bank's failure in 2023.

Media: I have been quoted in Bloomberg, Reuters, S&P Global, GARP newsletter, CFO dive since joining A&M. I have also filmed multiple segments with the A&M outreach team which have aired on tv stations nationally regarding Federal Reserve policy.

Outside activities: I am a recurring op-ed contributor to American Banker -- a national publication that is well read among US bankers; an economic and policy scholar for the Conference on State Banking Supervisors; faculty and North America director for Bank Treasury Risk Management Certificate; financial advisor for a cancer start up based at The Ohio State; board member and chair of the audit committee for St. Baldrick's, a large non-profit pediatric cancer foundation.

External lectures: I have received a number of invitations to chair panels or be a keynote speaker. These are listed in my performance evaluation and promote Texas A&M in national settings.

Internal lectures: I have spoken to the board of the Commercial banking program, Professor Adam's trading class in the fall (2x), Misty Page's MSF and MSQF students and Aggie Women in Finance. Feedback from Misty from my Feb 2025 lecture was super gratifying -- "Hey Jill, Thanks so much for your talk last week. I counted about 15 questions during the session and afterward, MANY students said how much they enjoyed your talk. For an online session where your camera wasn't working, you had your work cut out for you, but your content was very engaging. One student said you were the smartest professor they had ever had in college. I won't say who since they are in your class now. ☺ Thank you again, and so glad your part of the finance department! Misty"

I am sure that I have opportunities to improve in the coming academic year.
