

TO: William (Dwight) Garey, Professor of Practice (Executive Professor)

FROM: James R. Brown, Professor and Department Head, Adam C. Sinn '00 Department of Finance

SUBJECT: Annual Performance Review: January 1, 2024 – December 31, 2024

Jamie Brown (May 29, 2025 23:50 CDT)

This letter serves as your performance review for the period January 1, 2024 through December 31, 2024. My evaluation is based on the information submitted through Faculty 180, which includes documentation of your teaching performance, research productivity, and service activities.

Mays Faculty Promotion and Tenure Guidelines define four levels of performance for the key dimensions across which performance is reviewed. These levels of performance are:

- *Excellent performance*: a high level of performance that meets and exceeds norms and expectations and that is reflected by substantive indicators of excellence;
- *Effective performance*: performance that meets norms and expectations and that is reflected by substantive indicators of effective performance;
- *Needs improvement performance*: performance that falls below norms and expectations of effective performance as reflected by substantive indicators of needs improvement performance;
- *Unsatisfactory performance*: performance that falls below norms and expectations of excellent, effective, and needs improvement performance as reflected by substantive indicators of unsatisfactory performance.

Teaching:

You taught a broad range of undergraduate and graduate courses in 2024, covering core commercial banking, financial sales, and internship supervision. Across all classes, you maintained a strong connection between academic content and real-world application. You've also contributed through guest lectures and mentoring, and your involvement in internship oversight and student advising reflects your deep investment in student development.

Your formal teaching assignments included FINC 463, FINC 464, FINC 634 and FINC 633. Student participation in your course evaluations was low, but student feedback was positive and in line with department averages. I realize it is challenging to improve student engagement in the evaluation process, but you might consider trying to increase student participation in the evaluation process in the coming year.

Department Average (Effective Course/Effective Instructor): 4.40/4.44

Evaluation Average: 4.41/4.52

Overall Evaluation: Effective

Service:

Your deep commitment to the Commercial Banking Program and your success in building and maintaining strong relationships with the advisory board are evident and sincerely appreciated. These efforts have brought significant visibility and resources to the program. As the program continues to grow and mature, it's important that we ensure its long-term sustainability by balancing external engagement with the academic foundation that supports our students' development. The heart of what we do is still grounded in the student experience, through strong academics, mentorship,

and faculty engagement. I encourage you to continue to extend the same energy and focus you've given to board development to the academic foundation of the CBP.

Your service to the Adam C. Sinn '00 Department of Finance includes your involvement and leadership with the following activities:

- Leader and presenter, Executive Risk Management Program (in partnership with Risk Management Association)
- Collaborator and presenter with the Texas Bankers Association University Banking Collaborative
- Speaker and representative for the Commercial Banking Program at multiple conferences and luncheons
- Active partnerships and mentoring roles with multiple universities.

Overall Evaluation: Excellent

Research and Scholarly Leadership:

As noted above, your position does not have a formal research expectation.

Promotion, Tenure, and Reappointment

You currently serve as Professor of Practice (Executive Professor), the highest rank within your faculty track. You will be reappointed as Professor of Practice for the 2025-2026 academic year.

I truly appreciate all your contributions to the Adam C. Sinn '00 Department of Finance and to Mays Business School. It is a pleasure to work with you!
