Instructions

Please review all the information below. When all sections have been confirmed, click "Submit For Review."

Teaching (Custom Section)

This information is auto-populated from a university data source and pulls the **main instructor of record only** (Fall 2009-present). *Student credit hours will now auto-load starting Spring 2023.* New courses will be uploaded on the 12th day of class each semester. Each course section is editable and faculty members who teach should verify their teaching information is correct. Faculty members can also add their "% Contributed to the Course" as well as a "Descriptive (if applicable)". Faculty members who are co-instructors can now add the courses they co-taught to this section including their percentage of effort in teaching the class. Faculty members can also indicate if a course has "Multidisciplinary Collaboration Activities" by choosing "Yes or No" as appropriate for this column.

If you have any questions, please contact us at faculty180@tamu.edu.

► Publications, Conference Proceedings, Patents and Creative Products/Innovations

This section is for Publications, Conference Proceedings, Patents and Creative Products/Innovations. Faculty should review their publication information that was retrieved from Scholars@TAMU (scholars.tamu.edu) and uploaded into Interfolio. **Examples of Publications, Conference Proceedings, Patents and Creative Products/Innovations:** Artistic and Professional Performances, Artistic and Professional Productions, Books, Book Chapters, Case Studies, Conference Proceedings, Exhibitions, Journal Articles, Patent and Intellectual Property, Published Abstracts, Reviews, Technology, and Other Scholarly Work.

NOTE: There is a weekly feed for new items from Scholars@TAMU to Interfolio into this section. If you already have a Scholars@TAMU profile, that data (*e.g., books, book chapters, journal articles, conference proceedings, patents*) will automatically populate here from that account. This data feed is to help save your time and efforts to report your publication data. You will still have the ability to add new scholarly contributions as well as edit any pulled entries. Please be advised that if you manually enter something that will also be entered in Scholars@TAMU, it will appear as a duplicate entry – hence, we recommend checking your Scholars@TAMU profile for new entries first.
