▼ Teaching (Custom Section)

This information is auto-populated from a university data source and pulls the **main instructor of record only** (Fall 2009-present). *Student credit hours will now auto-load starting Spring 2023.* New courses will be uploaded on the 12th day of class each semester. Each course section is editable and faculty members who teach should verify their teaching information is correct. Faculty members can also add their "% Contributed to the Course" as well as a "Descriptive (if applicable)". Faculty members who are co-instructors can now add the courses they co-taught to this section including their percentage of effort in teaching the class. Faculty members can also indicate if a course has "Multidisciplinary Collaboration Activities" by choosing "Yes or No" as appropriate for this column.

If you have any questions, please contact us at faculty180@tamu.edu.

▼ Publications, Conference Proceedings, Patents and Creative Products/Innovations

This section is for Publications, Conference Proceedings, Patents and Creative Products/Innovations. Faculty should review their publication information that was retrieved from Scholars@TAMU (scholars.tamu.edu) and uploaded into Interfolio. **Examples of Publications, Conference Proceedings, Patents and Creative Products/Innovations:** Artistic and Professional Performances, Artistic and Professional Productions, Books, Book Chapters, Case Studies, Conference Proceedings, Exhibitions, Journal Articles, Patent and Intellectual Property, Published Abstracts, Reviews, Technology, and Other Scholarly Work.

NOTE: There is a weekly feed for new items from Scholars@TAMU to Interfolio into this section. If you already have a Scholars@TAMU profile, that data (e.g., books, book chapters, journal articles, conference proceedings, patents) will automatically populate here from that account. This data feed is to help save your time and efforts to report your publication data. You will still have the ability to add new scholarly contributions as well as edit any pulled entries. Please be advised that if you manually enter something that will also be entered in Scholars@TAMU, it will appear as a duplicate entry – hence, we recommend checking your Scholars@TAMU profile for new entries first.

Goals	Semester	
Please list what your goals were for the previous year and what your planned goals are for the upcoming year.	Start Semester	End Semester

- Complete course development for ACCT 612 in the Flex Online program and effectively teach the new course in Summer 24 (Done: refreshing the course with the teaching and development team in Spring of 2025)
- Evaluate the effectiveness of teaching ACCT 405 for the first time and plan for improvements if teaching again next year. (In progress: I see many opportunities to improve in the fall of 2025)
- Continue to improve ACCT 421/489 upon each iteration of the course by updating prompts and including new activities to practice communication in the classroom. (Done and ongoing: I have included many more low-stakes opportunities for students to apply communication skills in the classroom, added teaching content and learning activities to incorporate AI as a writing collaborator, and implemented concepts from professional development activities)
- Plan for upcoming Flex Online development of the accounting communications course starting in Fall 2024. (Done: completed TLC in Fall 2024)
- Continue to learn from colleagues and collaborate when possible (Done and ongoing: specific example includes collaborating with Michelle Diaz and Ryan Larken to incorporate audit and tax collaboration in the Flex Online communication course)

- Expand ACCT 421 into a 3 credit hour course by evaluating our current syllabus, feedback from curriculum redesign, and skills needed in the profession. My goal is to create a well-balanced and valuable course for the students and the department.
- Improve my delivery of ACCT 405 in the fall of 2025.
- Complete course development for ACCT 664 Communications course in the Flex Online program and effectively teach the new course in Summer 25.
- Refresh ACCT 612 to deliver a better student experience in the Flex Online program.
- Continue to learn from colleagues and collaborate when possible.
