Goals (Faculty Evaluation Review)

Goals	

Please list what your goals were for the previous year and what your planned goals are for the upcoming year.	Start Semester	End Semester
As a co-director for CMIS, I want to visit at least 25 prospective board members over the summer of 2024 in Houston, Austin, Dallas, Fort Worth, and San Antonio. My goal is to build relationships that will grow towards the companies joining our corporate advisory board.	Summer 2024	Spring 2024
The Council for the Management of Information Systems is our industry partner board. It struggles with engaging students and industry partners, and has resulted in a flight of most of the board member companies. To add value, I intend to start a mentoring program where current undergraduate students will be paired with an industry professional to get advice on their education and their career.	Spring 2024	Ongoing
